

Introduction:

LEA: Marysville Joint Unified School District **Contact (Name, Title, Email, Phone Number):** Tim Malone, Principal, tamalone@mjuds.com, 530-749-6156 **LCAP Year:** 2015

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA’s goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>#1. COMMUNITY LEVEL INPUT: MCAA gained stakeholder input for the LCAP in the following ways: * Parent Meeting held 2/26/14 * Site Council Meeting held 5/8/14 * School Student Leadership meeting 5/14/14 * Parent Surveys sent home 5/12/14 * Staff Surveys sent out 5/12/14</p>	<ul style="list-style-type: none"> • Each of the input meetings was well attended by parents, staff, and students. • A carousel activity had participants moving to three different charts (Engagement, Conditions of Learning, and Learning Outcomes) where they posted Commendations and Areas for Growth • At all other meetings, stakeholders were asked to list their top 5 Areas for Growth (biggest needs). They then used the SBE Eight priorities sheet and listed these 5 suggestions (areas for growth) on this sheet in the proper

<p>#2. COMMUNICATION REGARDING LCAP PROCESS: SchoolMessenger sent on 2/21/14 asking parents to attend an input meeting.</p> <ul style="list-style-type: none"> • Flier for LCAP Meeting sent home with students on 2/20/14. • 2/26/2014 Parent Input Meeting • On-line Parent/Staff/Community survey window open from January-April 2014 in English, Hmong, and Spanish for input on LCAP <p>* A Fact Sheet with specific programs and/or initiatives regarding the SBE eight priorities were used at the Parent Input Meeting,</p> <p>#3. SURVEY DATA: * A Survey was sent home to parents and available at the office. * A Survey was given to staff and students.</p>	<p>priority priority area, circling their top 3 suggestions. * The above meetings along with the survey data was used to determine the top three areas for growth.</p> <p>#2. Communication Impact Regarding LCAP: * Parents, school site staff, and students had multiple opportunities to submit their recommendations through various meetings and surveys. * The SchoolMessenger calls and the fliers regarding the parent input meeting were done in English, Hmong, and Spanish).</p> <p>#3 IMPACT OF SURVEY DATA: • Parents, school site staff, and students all had opportunities to complete surveys. As such, all survey data has been tabulated and written suggestions have been included in the LCAP planning process. • The SchoolMessenger calls, fliers regarding the parent input session, and the surveys were done in one of our three primary languages spoken in the district. (English, Hmong, and Spanish) * The school newsletter provided an additional way to inform parents and the community about their ability to participate in the development of the LCAP.</p>
<p>Annual Update: A meeting was held on 5/14/15 with site council parents, teachers, and students in order to review and discuss any changes needed to the LCAP. At this meeting, all stakeholders completed an LCAP survey. A meeting was also held on 2/12/15 with the site council members in order to review our progress towards our LCAP goals. An online survey was put on the MCAA web site. This survey allowed all stakeholders to express their opinions on LCFF spending on priority areas for student success. A meeting was held with the school's leadership team on 5/29/15 in order to help determine LCFF spending priority areas.</p>	<p>Annual Update: The link to the LCAP survey was advertised through our school newsletter. We also utilized the school messenger system to notify parents of the LCAP survey. The survey asked our stakeholders to list their top 4 priority items. Both the newsletter itself and the LCAP survey were available in both English and Spanish. The meetings and survey data were used to modify the LCAP according to our stakeholders' top priorities.</p>

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA’s goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

LCAP Year 1: 2015-16

Expected Annual Measurable Outcomes:

- * Continue to provide professional development opportunities for all teachers to maintain HQ status.
Metric: CMIS Report/Master schedule
- * Common Core and Next Generation Materials will be purchased.
Metric: MCAA students will have a CCSS aligned textbook in math
Metric: Students in all subgroups, who are not at the proficiency level, will show an increase of 3% in math (baseline set 2014/15).
- * Multiple venues and opportunities for professional development CCSS and Next Generation Science will be instituted for our certificated staff throughout 2015-16 school year.
Metric: Professional development records and workshop evaluations.
- * Students will have access and enroll in a broad course of study (EC 51220). A-G requirement.
Metric: Master schedule, maintain graduation rate of 97.8% or higher, maintain CAHSEE English proficiency rate of 87% or higher, maintain CAHSEE math proficiency rate at 81% or higher, and maintain student attendance at 98% or higher.
- * Increase funding for arts classes.
Metric: Maintain the addition of two sections of music classes to the master schedule along with the addition of a drumline class.
Metric: Increase funding for uniforms and instruments, including repair and maintenance.
- * Continue the increased level of tutoring for students struggling in math.
* Increase after school tutoring in English, math, and science
Metric: Students in all subgroups, who are not at the proficiency level, will show an increase of 3% in the math CCSS assessment.
Metric: Increase after school tutoring to 9 hours per week after school.
- * Continue to update and add technology for use in the classroom.
Metric: Inventory lists, more creative projects, increased standardized test scores.
- * Metric: Maintain AP exams passage rate of 50% or higher and Early Assessment Program college ready rate in ELA from 37% to 39% and math from 21% to 23%.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>After further examination of the state testing computer requirements and CCCSS instruction requiring more use of computers, it was decided to purchase 60 new chromebooks instead of only 10. We will purchase 60 more next year, along with two mobile carts.</p> <p>It was determined by the math teachers, that the online web site provided by the new CCCSS math books was effective in providing scaffolding for our math students. Therefore, we did not purchase a separate intervention math software.</p> <p>After the year began, we found that we had a shortage of usable cameras for the photography classes. We purchased 10 cameras. We also needed software and a MAC computer for our Video Editing class. We purchased both. We will continue to purchase cameras for photography classes and more software and at least one more desk top computer for the Video Editing class.</p> <p>All teachers, with the exception of a long term half time sub in the 7th grade science classes, will be HQ teachers next year. The long term sub will be sharing a position with a teacher who is just coming off of maternity leave. The following year, the 7th grade science classes will be taught, once again, by the permanent district teacher.</p> <p>MCAA will be adding 9 total hours of after school tutoring in math, science, and English to the budget for next year in an effort to further student achievement and success.</p>

Expected Annual Measurable Outcomes:	<ul style="list-style-type: none"> * Save funds so that we can add two portables to the campus in order to provide a room for one of our music classes and to allow for an intervention room. Metric: Addition of two rooms as seen on school site map and master schedule. Improved standardized test scores. * Provide training for both staff and students concerning ways to reduce bullying. Implement the PBIS program. Metric: As seen on discipline records, a reduction in the incidence of bullying, and a maintained or reduced number of suspensions and expulsions. * Improve the science teachers' ability to perform experiments by bringing running water, countertops, and sinks to two existing science rooms. Metric: Sinks in all science rooms. Maintain or increase standardized test scores in science. 	Actual Annual Measurable Outcomes:	<p>Saved funds for portables and gained board approval for three new portables to be added to the MCAA campus.</p> <p>The PBIS program was not adopted but a staff and student anti-bullying program was implemented. According to discipline records, there has been a reduction in suspensions and expulsions.</p> <p>All science rooms now have running water, countertops, and sinks. We now have sinks in all science rooms. Science standardized test scores - Pending</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>Due to the fact that MCAA was able to gain board approval for the purchase of 3 new modular classrooms, we began saving for three in 2014/15 and will continue to do so in 2015/16. We will increase the amount saved towards this goal, including much of the governor's one time school funding. We did not purchase and implement the PBIS program as originally planned. After further exploration of the program, stakeholders felt the program was not needed at MCAA. We address bullying through our leadership students and meetings with middle school students.</p>

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$211,253.00</u>
<p>MCAA has a student population consisting of 48% socio-economically disadvantaged and 2% English Learners. We are making much more of an attempt to reach the parents of these students through our newsletter, school messenger calling system, through orientation, and through the eventual purchase of a digital sign, which will communicate important events and meetings.</p> <p>We are also targeting these students for additional academic help, when needed, by giving them a study skills class so they learn organizational skills and have extra time to get help and get their work done. We are also offering after school tutoring in math, English, and science. We are utilizing the online web support provided by the new math curriculum being purchased and continuing to pay for a retired math teacher to tutor targeted students in order to help them achieve proficiency in math.</p> <p>All of the above will be paid with LCFF funds.</p>	

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

7.18	%
<p>Marysville Charter Academy for the Arts (MCAA) will engage in several actions designed to provide learning opportunities that result in increased academic achievement and ensure quality instruction for all students, including support systems, which meet the needs of targeted populations. The LCFF funds will help us accomplish this.</p> <p>MCAA will support the implementation of Common Core instruction by providing teacher training, maintaining increased collaboration time, and materials adoption. English and math teachers will observe each other, while making note of effective and engaging teaching practices, and team teach at least once during the school year. EL and other</p>	

at-risk students will be discussed at these collaborative meetings in order to find ways to engage them, relate lessons to them, and provide them with needed scaffolding, including help from both student and adult tutors. We will also increase after school tutoring for all students.

MCAA will maintain the addition of two music classes by continuing to pay a teacher to instruct these two additional music classes. One of these additional classes will now be a third strings class. We will also continue to build up our drumline class by purchasing uniforms and instruments. We, at MCAA, believe this will help keep even more of our students engaged in academics because they will be able to gain more pleasure and gain self-esteem from taking the classes they love, building more of a connection to school. This is developing the "whole person."

Math is the one area that many of our students have difficulty. In order to help students struggling in math, we will continue to hire a retired math teacher to work with many of these students. He will come twice per week for four hours per day. The math teachers will identify struggling students and use the Common Core math books' online intervention site in order to help these students become proficient.

Again, because we believe the arts engages our students in what they love, and because it is time to replace our MAC computers used in Graphic Arts classes, we will purchase 10 more refurbished MAC computers this year and next. We will also purchase 60 more chromebooks so that students can research topics, create presentations, write and edit their work and utilize the common core math books online math program. We will boost our Photography and Video Editing classes by replacing old or broken cameras and computers in these classes. In addition to this, software for our Video Editing class will need to be purchased.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
